CONNECT, CONVERSE & CREATE WITH MASTERS OF DESIGN

Spring's most authoritative interior design event has arrived. Bringing together 'masters of design', London Design Week 2020 is set to spark a remarkable dialogue between 120 international participants, interior designers and design enthusiasts. The six-day show is all about being immersed in design excellence, at a legendary hub that is as inspiring as it is influential.

Reflecting Design Centre, Chelsea Harbour's commitment to creativity and connection, there is a packed programme. More than 100 events and experiences will offer first looks at the new season's collections, alongside workshops, talks, demonstrations and discovery tours that dig deeper inside the stories behind the latest designs and provide opportunities to meet the people who shaped them.

Among the products from 600 global brands, expect to see exquisite materials, couture detailing and the dramatic use of colour, pattern and texture, all of which celebrate the importance of provenance, skill, craftsmanship and a move towards informed choices. Adding another layer to the offering will be 'house guests' that will only be in situ for the duration of the show. They will bring fresh perspectives and even more ways for visitors to encounter world-class talent.

There will be an abundance of designer know-how all under one roof and expert guidance at every turn, from the acclaimed Conversations in Design series with top level insights to Grow Your Business sessions aimed at those who want to take the next step. Specially commissioned installations and restaurants complement the events programme, bringing to life the current mood in interiors.

The wealth of insider knowledge here is truly extraordinary, and it is our mission to share it as widely as possible. Please enjoy every minute and leave brimming with ideas and optimism about a new season of design.

ALL TOGETHER NOW

All Floors, Centre Dome

Specially commissioned for London Design Week 2020, a joyful installation of pretty ribbons sways in the breeze overhead. This is where the design community comes together to celebrate the brightest and the best of world-class talent.
