

AMPOULE VERTICAL PENDANT

DESCRIPTION:

The vertical model offers a different take on Ampoule's linear form. A sculptural solution for bedside lighting, entrance spaces and intimate dining settings, it can be suspended as an individual focal point or arranged in groups at varying heights to create rhythm and drama.

The integrated 2700K linear LED is concealed within an opal acrylic diffuser, producing a soft, even glow through the reeded glass. Dimmable output allows the light level to be adjusted from practical task illumination to a softer, more subdued ambience.

DETAILS:

GLASS SHADE QTY:	1
WEIGHT:	APPROX. 2 KG
DIMENSIONS:	H 600 × Ø60 MM
